Belo Horizonte, Brazil.

ARCANJO LUIZ NUNES

Solution Architect
System Analyst
Software Engineer

ABOUT ME

Professional with solid training and experience in Information Technology, working as an Instructor, Programmer, Systems Analyst and Project Manager.
With over 30 years of experience in the development and implementation of integrated systems (CRM, ERP, HR, PGR, SST and others), focusing on creating efficient and robust solutions, maintaining a long-lasting relationship with clients. I currently work on Cloud projects using DDD, Clean Architecture, Modular Monolith Architecture, .Net Core, Blazor, MAUI and SQL/NoSQL databases, globalized in Portuguese, English and Spanish.
